

BATNET ALERT
JEWELRY THEFT AT NORTH STAR MALL
AUGUST 7, 2006

On August 7, 2006, at 8:42 pm, four black males entered a jewelry store in North Star Mall. While three of the suspects distracted and blocked the view of the two employees, the fourth one pried a lock off of one of the display counters and removed a number of high-priced jewelry items. These same suspects were seen the following day at another jewelry store on US 281 N, and according to the store manager they were “casing” his store. The suspects escaped from North Star Mall in a white mini-van. These suspects may be part of a group that is committing similar offenses in east Texas and Louisiana. All suspects are black males, in their early to late 20s, and were wearing T-shirts, long baggy shorts (one wore blue jeans) and baseball caps. Anyone with information about these suspects is asked to contact Det. S. Commerford at Prue Property Crimes Unit, 207-7441.
